

OMNIBUILD™

Your brand, their creativity.™

OmniBuild™ is an online gift card design application you can add to your website. Your customers can upload photos, emboss a personal message, and personalize your branded card. It's a way to make your gift cards fully customizable by your customers.

Once your customers design their cards, the order is automatically sent to OmniPrint™, our secure fulfillment center, to be printed and shipped in your custom carrier and envelope.

Personalization made simple.™

Benefits

- Increased card sales and usage
- Improved brand loyalty and customer retention
- Viral marketing effect to generate new customers

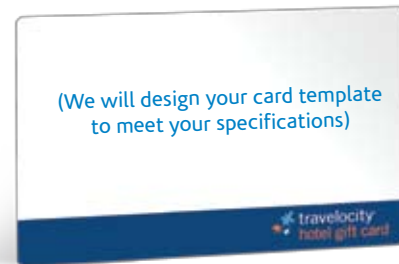

OMNIBUILD

1 Your customers upload one of their personal photos

2 They use OmniBuild to add their photos to your card

3 They review and order online

4 Card is printed and shipped directly to your customers

Add OmniBuild to your website

Today's trends call for personalization in every aspect of business. Now you can allow customers that visit your website to customize your corporate branded gift card.

Gift cards are the #1 gift of choice. OmniBuild is a unique feature that will help you stand out from your competition. Customers can personalize your CoBranded Visa® Gift Cards or merchant cards with pictures and embossed text. Pricing as low as \$0.50 per card depending on volume.

Your brand, their creativity

Your customers will build a card with your branding by uploading one of their photos and embossing a personal message on your card.

Allow your customers to design their own Visa or merchant gift card with your company branding!

**Your gift cards personalized
by your customers.**
